EXAMINER'S AMENDMENT / ALLOWANCE

This action is in response and request for continuing examination of 9/13/05.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kurt Kelman on 10/14/05.

IN THE CLAIMS

Claim 61 is amended to depend from claim 59 and not claim 60.

Allowable Subject Matter

Claims 59-88 are allowed.

The following is an examiner's statement of reasons for allowance: claims 84-88 have already been allowed and the reasons for allowance are of record.

Regarding claim 59, upon which claims 60-83 depend, the prior art fails to teach or fairly suggest a tracking system for a combination of sporting articles, where, in the context of all other limitations of claim 59, there exists one transmitter assigned to a retaining mechanism and

another assigned to a shoe such that a control unit analyzes the data to ascertain whether the retaining mechanism and the sport shoe are safe together.

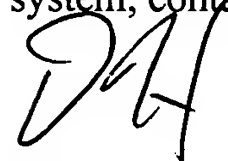

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
